

Identity Verification Consent Notice

To ensure a secure onboarding process, comply with our legal obligations and protect the integrity of our systems, RWS may conduct identity verification using facial recognition technology. This process also helps prevent fraudulent applications (e.g. impersonation or false applications) by confirming the identity of individuals selected to join the RWS TrainAI Community.

What will happen?

- You will be asked to upload a photo or video of your face. This data qualifies as [biometric data for the purpose of identity verification], under applicable data protection laws, including the EU General Data Protection Regulation (GDPR).
- This data will be processed using facial recognition software to verify your identity.
- The data will be securely stored and retained only for as long as necessary to complete the onboarding process, after which it will be securely deleted within 30 calendar days.

Who processes your data?

- The verification will be conducted by RWS using our trusted third-party service provider acting on RWS's behalf.
- Your data will not be used for any purpose other than identity verification.

Your rights

You have the right to:

- Access your data
- Request correction or deletion
- Withdraw your consent at any time without affecting your application or selection status
- If you do not wish to proceed with our facial recognition solution, we offer an alternative to verify your identity.
- For more information, please refer to our [Privacy Notice](#).

By accepting this *Identity Verification Consent Notice* you give explicit consent to facial recognition-based ID verification as part of the onboarding process.
